(4) The manner of winding up of the University or any course thereof shall be such as may be prescribed by the Government in this behalf.

Provided that no such action shall be initiated without affording a reasonable opportunity to show cause to the University.

(5) On receipt of the notice referred to in sub-section (1) the Government shall, in consultation with the relevant Regulatory Authority make such arrangements for administration of the University from the proposed date of dissolution of the University or winding up of the course and until the last batch of students in regular courses of studies of the University complete their courses of studies in such manner as may be prescribed.

**60. Expenditure of the University during dissolution.-** (1) The expenditure of administration of the University during taking over period of its management under sub-section (5) of section 61 shall be met out of the Permanent Statutory Endowment Fund, the General Fund or the Development Fund in such manner as may be prescribed.

(2) If the fund referred to in sections 48, 49, 50 and 51 are not sufficient to meet the expenditure of the University during the taking over period of its management, such expenditure may be met by disposing of the properties or assets of the University, by the Government.

(3) Where the dissolution of the University is due to mismanagement or maladministration, the Government is at liberty to identify the persons responsible for such mismanagement or maladministration and to impose penalty as it deems fit. The right to appoint an Administrator or winding up of the University or taking any other course of action thereof shall vest with the Government.

**61. Temporary taking over of management of the University in public interest.-** (1) Notwithstanding anything contained in any Law for the time being in force in the State where based on inspection report of Higher Education Council it is found that the university is violating the,-

- (a) standard of instructions for grant of degree;
- (b) quality of education;
- (c) avoidance of commercialization of Higher Education; or
- (d) the provisions of the Act in which it is established.

the Government is of opinion that, inspite of the directions by the Government, the university has not complied with it and has continued to mismanage, maladminister and to practice indiscipline, then before directing for winding up of the management of the University, shall either in the public interest or in order to secure the proper management of any University be taken over, it may, after giving one month's notice to the Chancellor or Sponsoring Body in charge of the management of the University to make any representation, direct by notification, that the management of the University shall with effect on and from the date specified therein shall vest in the Government for a period of one year:

Provided that, if the Government is of the opinion that in order to secure the proper management of the University, it is expedient that such management shall continue to vest in the Government after the expiry of the said period of one year, it may issue direction for the continuance of management for a further period not exceeding one year as it may think fit, so however, the total period for which such management shall continue to vest in the Government shall not, in any case, exceed two years.

(2) The University referred to in sub-section (1), shall be deemed to include all assets, rights and lease holds, powers, authorities and privileges and all property, movable and immovable, including lands, buildings, stores instruments and vehicles, cash balances, revenue fund, investments and book debts and all other rights and interests arising out of such property as were immediately before the date of taking over of the management under sub-section (1) in the ownership,

possession, power or control of the management of University and all books of account, registers and all other documents of whatever nature relating thereto.

(3) All persons, in whom the management of the University vested immediately before the taking over shall, as from the date aforesaid, cease to be so vested and shall be deemed to have vacated their offices as such on the date aforesaid.

(4) Notwithstanding anything contained in any other law for the time being in force, no person who ceases to hold any office by reason of the provisions contained in sub-section (3) shall be entitled to claim any compensation for the premature termination of the contract of management or other arrangement or for the cessation of management or for the loss of office, as the case may be.

(5) Notwithstanding any judgment, decree or order of any court, tribunal or other authority or anything contained in any other law for the time being in force, every person in whose possession or custody or under whose control the University or any part thereof or any properties attached thereto vest shall transfer the same to the Administrative officer appointed by the Government for the purpose of carrying on the management of the University for and on behalf of the Government, or where no Administrative officer is appointed, to such other person as the Government may direct.

(6) For the removal of any doubt, it is hereby declared that any liability incurred by the management in relation to the University before the taking over shall be enforceable against the said Governing Council or sponsoring body and not against Government or the Administrative Officer.

(7) The amount payable in respect of the vesting in the Government, the University under sub-section (1), shall be an amount equal to the average net annual surplus income of the University during the period of its existence or the period of five consecutive accounting years immediately preceding the date of such vesting whichever is less:

Provided that, no such amount shall be payable if the sponsoring body or Governing Council under which the University is found makes provision for running of the University.

(8) The amount payable under sub-section (7) shall subject to rules made under this Act, be paid by the Government to the person interested in the University in such manner and within such time as may be prescribed.

**62. Relinquishment of management of the University.-** (1) After the expiry of the period specified in sub-section (1) of section 61, the management of the University shall vest in accordance with the order, if any, of any court and if there be no such order, vest in the Governing Council or managing committee or sponsoring body (by whatever name called) of the University or such other body or person, as the case may be, entitled thereto.

(2) If at any time before the expiry of the period referred to in sub-section (1) of section 61, it appears to the Government that the purpose of vesting of the management of the University in the Government has been fulfilled or that for any other reason it is not necessary that the management of the University shall remain vested in the Government, it may, by order published in the official Gazette,

relinquish the management of the University with effect from such date as may be specified in the order.

(3) On and from the date specified under sub-section (1) the management of the University shall be transferred in accordance with the order, if any, of any court, and if there be no such order, shall be transferred to the Governing Council or managing committee or sponsoring body (by whatever name called) of the University or such other body or person, as the case may be, entitled thereto.

**63. Penalty for obstructing officer or other person exercising powers under this Act.-** Any person who obstructs an officer of the Government in the exercise of any power conferred on him or in the performance of any function entrusted to him by or under this Act or any other person lawfully assisting such officer in the exercise of such power or in the performance of such function or who fails to comply with any lawful direction made by such officer or person shall be punished with fine which may extend to one lakh rupees.

**64. Punishment for abetment of offences.-** Whoever instigates or abets the commission of any offence punishable under this Act shall, on conviction, be punished with the punishment provided for the offence.

**65. Offences by companies.-** (1) Where an offence against any of the provisions of this Act or any rule made thereunder has been committed by a company, every person who at the time of the offence was committed, was in charge of and was responsible to the company for the conduct of business of the company, as well as the company, shall be deemed to be guilty of the offence and shall be liable to be proceeded against and punished accordingly:

Provided that, nothing contained in this sub-section shall render any such person liable to any punishment if he proves that the offence was committed without his knowledge or that he has exercised all due diligence to prevent the commission of the such offence.

(2) Notwithstanding anything contained in sub-section (1), where any such offence has been committed by a company and it is proved that the offence has been committed with the consent or connivance of or is attributable to any neglect on the part of any director, manager, secretary or other officer of the company, such director, manager, secretary or other officer shall be deemed to be guilty of that offence and shall be liable to be proceeded against and punished accordingly.

**Explanation.-** For the purposes of this section:-

(a) "company, trust, firm, society" means respectively a company defined under the Companies Act, 1956 (Act No.1 of 1956), trust defined under the Indian Trust Act, 1882 (Act No.2 of 1882), firm defined in the Indian Partnership Act, 1932 (Act No.9 of 1932), Society defined in the Karnataka Societies Registration Act, 1960 (Karnataka Act 17 of 1960) or other association of individuals; and

Furnish details of the following aspects of curriculum design: Innovation such as modular curricula Inter/multidisciplinary approach

The various learning and teaching approaches are adapted and implemented in Engineering Education. Innovative practices such as Project-Based Learning (PjBL), Problem-Based Learning (PBL), Design-Based Learning (DBL), Project-Oriented Design-Based Learning (PODBL), Inquiry-Based Learning (IBL), Active and Collaborative Learning, and Experiential Learning address the various challenges in Engineering practicing for on-campus and online learners.

The use of technology plays an important role in the provision of educational equity for learners in educational communities. Engaging off-campus students through technology resources is vital for a virtual learning environment in engineering education. To ensure a positive experience for the students in off-campus (virtual) learning, the use of modern technology and adapting it is crucial for collaborative and active learning. The directly to issues that have been identified as crucial to the future of young graduates in Engineering education. Innovative practices in engineering education are experienced in various institutions around the world, from an individual level to a course level. The concept and implementation of learning and teaching approach is emphasizing major changes in student learning, academic teaching, and management issues.

Proposals are invited to discuss and present the case studies on longitudinal perceptions on the concept or implementation of innovative learning and teaching approaches, as well as the evolution of online education. The aim and scope of the Special Issue on transformation in education through innovative practices will attract students, to transform them into graduates, so as to be career-ready engineering practitioners. Drawing from various case studies around the globe, this Special Issue outlines the rationale and implementation of several recent innovative practices in engineering education and future direction.

**Details of the Following Aspects of Curriculum Design:**

**1. Innovation: Modular Curricula**

A modular curriculum is an innovative approach to course design that divides the content into smaller, manageable units or modules. This allows for greater flexibility and adaptability in the learning process. Some key features of modular curricula include:

- a. **Flexibility in Learning:** Modular curricula allow students to choose different modules according to their interests or career paths, enhancing personalized learning experiences.
- b. **Interdisciplinary Integration:** Modules can be designed to integrate knowledge from multiple disciplines, facilitating a more holistic approach to education.
- c. **Stackable Credentials:** Students can accumulate credits from different modules over time and may be able to earn certifications, diplomas, or degrees based on the completion of specific modules or sets of modules.
- d. **Learning at Own Pace:** Modular curricula enable students to progress at their own pace, reducing the rigidity of traditional semester-based education systems.
- e. **Assessment and Feedback:** Modules often come with continuous assessment mechanisms, where students are given regular feedback to guide their learning. This promotes active learning and timely remediation if required.
- f. **Interdisciplinary Collaboration:** Modular design can facilitate collaboration across departments, allowing students to engage in learning from a variety of disciplines and gain diverse skill sets.
- g. With respect to innovation in curriculum, we have made changes to the course content, pedagogy, assessment and delivery modes.
- h. One such concept is modular curricula; it's the idea of dividing the curriculum into small, independent, and non-sequential units.
- j. Curriculum is designed with desired outcomes based on the feedback of all stakeholders such as Students, Alumni, Employers, Academic Experts and Parents.

Vice Chancellor  
SAPTHAGIRI NPS UNIVERSITY  
# 14/5, Chikkasandra  
Hesaraghatta Main Road  
Bangalore - 560089

- k. Innovation such as Flexibility and adaptation in selecting open electives, MOOC/NPTEL courses, Interdisciplinary, Outreach activities, skill enhancement and ability enhancement courses are introduced.
- l. Focus on designing courses such as Professional communication, Ethics, IPR, Indian constituency and placement training.
- m. Keeping in the view of Innovation culture and mindset, the Research & Development Model and the Social Interaction Model are introduced.
- n. Innovative pedagogy like experiential learning, Collaborative learning, Flipped classroom, Computational thinking, Digital technologies are introduced.
- o. Innovative delivery modes such Project-based learning, Inquiry-based learning, Open-ended questions, Problem based learning, Technology integration and Hands on session implemented with teaching aids.
- p. Assessment methods like Tests, Assignments, peer assessment, case study, Quiz, project evaluation and open book test are planned.

### **Inter/Multidisciplinary Approach**

An interdisciplinary and multidisciplinary approach to curriculum design emphasizes the integration of knowledge, methods, and perspectives from different academic disciplines. Here are the key aspects:

- a. **Breaking Boundaries between Disciplines:** Interdisciplinary learning encourages the blending of knowledge from different fields. For instance, a course may combine elements from science, technology, engineering, and mathematics (STEM) with social sciences or humanities, thus addressing real-world problems from multiple perspectives.
- b. **Collaboration across Departments:** By involving faculty from diverse disciplines in the design and delivery of courses, universities can create more holistic learning experiences. This encourages students to understand complex problems from a variety of angles and equips them with the skills to work in collaborative, cross-functional teams.
- c. **Addressing Real-World Issues:** The interdisciplinary approach is highly suited for tackling contemporary challenges such as climate change, healthcare, and social

inequality, which require expertise from diverse areas like science, policy, ethics, economics, and social sciences.

- d. **Fostering Critical Thinking:** Exposure to different viewpoints and methodologies helps students develop critical thinking and problem-solving skills, as they must navigate the intersections of different disciplines to form well-rounded solutions.
- e. **Curriculum Design:** Interdisciplinary curricula often incorporate case studies, project-based learning, and team-based assessments that reflect real-world scenarios. This prepares students for careers where they will need to draw on multiple disciplines to solve complex problems.
- f. **Example Courses:** For example, a course titled "Sustainable Development" might combine environmental science, economics, and political science, allowing students to understand both the scientific and societal aspects of sustainability.
- g. **Promoting Lifelong Learning:** Interdisciplinary approaches encourage lifelong learning by teaching students to be adaptable and versatile in an ever-changing job market.

As a part of the curriculum, the following Inter/ Multidisciplinary Courses are introduced.

- Mathematical Foundations for Computer Applications
- Discrete Mathematics
- Indian Constitution
- Statistical Methods and Techniques
- Environmental Studies
- Multivariate Statistics
- Professional Communication and Ethics
- Intellectual Property Rights-IPR
- E-Commerce Application Development
- Accounting and Financial Management
- Digital Marketing

## FOR UNDERGRADUATES MBBS

### Department of Biochemistry

- **Mind mapping:** The students were divided into smaller groups and given time to prepare a diagrammatic representation of the topics given to them well in advance. The pictorial representation was then presented to the remaining students, helping them share the knowledge they have gained.
- **Symposium:** Students were combined in groups of 2 with (one good performer and one slow learner) and given a topic prior to prepare together. The students presented on the same topics followed by didactic lectures on the same.

### Department of Pathology

NAME OF THE T - L METHODS	BRIEF DESCRIPTION OF THE INNOVATIVE T-L METHOD / TRAINING MODULE
1. A tag along session was organized where the students visited Museum and lab.	1. A <b>"tag along"</b> session was conducted in hospital laboratory and in pathology museum where the students visited museum and hospital laboratory in teams along with faculty's in-charge, spent time with the technicians, observed their work, interacted with them.
2. SCRAMBLED words, story-telling, case based learning, problem based learning, use of video clippings, and integrated teaching sessions were incorporated during teaching.	2. A list of important words from the respective SLOs was scrambled and the students were asked to unscramble the same within a given timeframe. This method created interest among the students. 3. A brief story was either narrated by the faculty taking the class or the students were asked to share their personal experiences (from their ward visits) for few of the SLOs. 4. Use of short video clippings or dialogues from

	<p>famous movies or of celebrities was used in classroom for <b>set induction</b>.</p> <p>5. Use of photographs related to clinical cases was used during lectures.</p> <p>6. Integrated teaching of few topics along with other departments was conducted.</p>
Role play, Debate, Reels preparation, MCQs, Simulation based teaching (used mannequin arm), Jumbled word games etc.	<p><b>1. Role plays</b> by a group of students on cancer awareness followed by Summarization, Reflection and Feedback. (AETCOM Competency 2.4 A and 2.4 B)</p> <p><b>2. Debate competition</b> on the occasion of "National Pathology Day" on the topic " Pathology as a profession- By chance or by choice"</p> <p><b>3. PATHREELS Competition</b> on the occasion of "National Pathology Day" was conducted. Students presented academic content creatively through reels preparation.</p> <p><b>4.</b> The blood collection procedure and order of draw was demonstrated using mannequin arm in skill lab.</p> <p><b>5.</b> Innovative methods like MCQs in between the classes and Solving the jumbled words were used.</p>

Apart from classroom instruction, what are the other avenues of learning provided for the students? (Example: Projects, Internships, Field trainings, Seminars, etc.)

There are many avenues of learning beyond traditional classroom instruction, including:

1. **Hands-on Learning:** Labs, workshops, and maker spaces allow students to apply theoretical knowledge in practical settings.  
Such as – EXCEL, TALLY PRIME
2. **Field Trips:** Visits to museums, historical sites, or businesses provide real-world context to classroom concepts.
  - a) HAL Museum
  - b) Sir M V Vishweshwaiah Museum
  - c) Hampi, Mysuru, Chithradurga
3. **Online Resources:** Educational websites, videos, and interactive platforms offer supplemental learning materials.  
Such as – MOOC/ NPTEL/SWAYAM Courses
4. **Extracurricular Activities:** Clubs, sports, and arts programs foster skills like teamwork, leadership, and creativity.  
Clubs: Finance Club, Marketing Club, HR Club, Sustainability, Analytics, Entrepreneurship, Innovation
5. **Community Service:** Volunteering helps students develop empathy, social awareness, and practical skills.  
Visiting for – Akshaya Patra (NGO), Goonj (NGO)
6. **Internships:** Work experience in a field of interest provides insight and real-world skills.
7. **Peer Learning:** Study groups and peer tutoring promote collaboration and deeper understanding through discussion.
8. **Mentorship Programs:** Connecting students with mentors can provide guidance, inspiration, and networking opportunities.
9. **Conferences and Workshops:** Attending industry-related events exposes students to new ideas and professional practices.
10. **Self-Directed Learning:** Encouraging independent projects or research fosters critical thinking and self-motivation.

## SEMINARS

Seminars have been incorporated in both Undergraduate and Postgraduate teaching curriculum as per NMC CBME guidelines. For Undergraduates, the seminar component is used as one of the methods of continuous internal assessment wherein each and every student is given a topic and a moderator who will guide the student in preparing and presenting the seminar. A checklist has been designed to evaluate the seminar presentations. For postgraduates, it is one of the routine teaching-learning methods evaluated by a checklist. (Annexure: Timetable for seminar).

What methods of evaluation of answer scripts does the University follow?

Whether external experts are invited for evaluation?

The Examination Regulations of the University specifies the process for the conduct of the University Examinations, appointment of question paper setters and examiners, evaluation of answer scripts, tabulation of marks, grading and declaration of results.

The valuation for UG/PG is as follows

For UG (BE, BBA, BCA) and PG (MBA, MCA) programs – single valuation is done by internal faculty and 20% of the scripts in each subject will be moderated by external experts. The third valuation is done for all the papers wherein difference between first and second evaluation more than 15 marks which is evaluated by internal senior professor who is not done first valuation.

For MBBS, MD / M.Ch, after the completion of theory examination, the collected answer booklets are handed over to the University officials for scanning. All the pages are scanned and the PDF of the answer booklets are sent to a path of the server for which only designated University evaluation officers have access. Quality check will be done before the answer scripts are released for evaluation. From the approved list of panel of examiners, evaluators are invited for evaluation by University officials on specified dates of examination. The evaluators are invited for digital evaluation at the Digital Valuation Centre. The pages 1 – 50 will be available for evaluators masking the rest of the pages of answer scripts. All answer scripts will be evaluated by two examiners, i.e., one internal and one external examiner. Internal examiners will be picked from the panel of approved examiners. After the completion of two evaluations, the system computed average will be considered for declaration of results. In case of deviation above 15% in the marks given by two evaluators; a third external evaluator will be called for evaluation and the nearest average of any two examiners will be considered for declaration of results.

Does the University have a continuous internal evaluation system?

#### **Continuous Evaluation System:**

A continuous evaluation system focuses on the on-going assessment and feedback, unlike traditional methods that rely on fixed intervals like final exams. It aims to provide real-time feedback and regular check-ins to support student learning and growth. This is often referred to as Continuous and Comprehensive Evaluation (CCE). CCE emphasizes assessing students' performance throughout the year, using both formative and summative assessments, to understand their strengths and weaknesses.

The overall assessments of the program are based on marks secured in the theory and practical of Semester End Examinations.

The students are assessed in two methods (50:50)

1. Continuous Internal Assessment (CIA)
2. Semester End Examination (SEE)

#### **> Continuous Internal Assessment:**

The Continuous Internal Assessment is conducted by the program coordinator. The students assessed / evaluated throughout the semester by

- Internal Assessment Tests (IAT)
- Continuous and Comprehensive Assessment (CCA)
- Practical component of the IPCC (Integrated Professional Core Course)

#### **Eligibility for Under Graduate Students:**

The Continuous Internal Assessment carries a maximum of 40% weightage of total marks.

- Eligibility to attend SEE is CIA  $\geq$  20 Marks
- If CIA < 20 Marks, Students are not eligible to take SEE of that subject and register the course in next year by taking eligibility.

#### **Eligibility for Post Graduate Students:**

The Continuous Internal Assessment carries a maximum of 50% weightage of total marks.

- Eligibility to attend SEE is CIA  $\geq$  25 Marks
- If CIA < 25 Marks, Students are not eligible to take SEE of that subject and register the course in next year by taking eligibility.

❖ The faculty member will choose a minimum of two and maximum of three of the following Continuous and Comprehensive Assessment Methods with suitable weightage before commencing of the semester.

- Assignment (Individual and / or Group)
- Seminars, Quizzes, Group Discussions, Class presentations
- Case studies / Case lets/ Case Discussions
- Practical orientation on Design Thinking, Creativity & Innovation
- Participatory & Industry-integrated learning
- Practical activities / problem solving exercises
- Analysis of Industry / technical / Business Reports
- Reports on Guest Lectures / Webinars / Industrial Visits
- Industrial/Mini / Social / Rural projects / field Work
- Participation in Seminars/ Academic Events / Symposia, etc.

Any other academic activity suitable for the concerned program will be approved by the authority.

### **Annexure – 24 (Refer 8.7)**

**Does the University follow self-appraisal method to evaluate teachers on teaching, research and work satisfaction? If yes, how is the self-appraisal of teachers analyzed and used? Whether:-**

**Self-appraisal Evaluation, Peer Review, Student's evaluation, other (specify)**

#### **Performance Appraisal System**

##### **Performance Appraisal:**

- Performance reviews allow for both the employee and employer the time to review the expectations of the tasks required within the job function and measure performance against these expectations. Annual appraisal plan that details its key performance indicators for the year.
- University will compile an appraisal of the performance of every employee annually or periodically and or as and when required as per the University policy and maintain the performance records of all the employees under the custody of the respective School Dean.
- All Schools Director / Dean are required to discuss with their staff and set their key activities and performance indicators for the year and the self-appraisal form will be filled by the employees used to appraise the staff periodically.
- University encourages continuous performance management throughout the year. However to review the progress the University will conduct the appraisals in December evaluating the employee on the set Key result areas.
- The review/evaluation will take place between the employees and the respective School Director /Dean.

#### **Academic Achievement through Faculty Appraisal**

- For faculty, self-appraisal is an important part of the performance appraisal process where the faculty themselves gives feedback or their view and points

regarding their performance based on the predefined parameters / key performance indicators. Usually, this is done with the help of a self-appraisal form, where the faculty rate themselves on various parameters, about their achievements or development programs (if required), accomplishment, strength, weakness, problems related to their assigned responsibilities or assignments.

- Self-appraisal gives a chance to the faculty to look at his/her strengths and weaknesses, achievements, and judge their own performance. Self-appraisal, ideally include the accomplishments, the goals achieved, the failures, and the personal growth including new skills acquired preparation for the future etc., the obstacles faced during the period, the efforts for removing them, the suggestions, and the areas of training and development felt by the employees.
- On submission of the filled self-appraisal form is evaluated by the respective School Director. The Director has to diligently assess the self-rating given by the faculty on each parameter of a) Academic and Mentoring, b) Research and Innovations, c) Skill Enhancement, Awards and Recognition, d) Administration and Behavioural Performance with supporting documents wherever required for his/her ratings. The ratings should be agreed by both the Director and the faculty and same has to be forwarded to the respective school Dean for review.
- On Receipt of the completed appraisal forms the consolidated and submitted to the Vice Chancellor and the Registrar for their review and corrections, if any. The final consolidate appraisal report with the recommendations is submitted the Chancellor for the approval.
- This performance report containing the performance appraisal ratings shall be the basis for deciding the annual increments, Academic Grade Pay, promotion, demotion, upgradation or disciplinary action or for determining other factors of suitability relevant for a particular position or job as decided by the Board of Management.

The examination conducted at the end of the semester. The purpose of these examinations is to make a final review of the topics covered and assessment of each student's knowledge of the subject at the end of the semester.

Makeup examinations are conducted after the declaration of even semester results. Examination are conducted to the students who are not eligible for next academic year and having backlogs in odd & even semester of the particular academic year.

All assessment of course shall be done on absolute marks basis. The Continuous Internal Examination marks awarded to the students are combined with the marks of their Semester End Examination. The Assessment comprises of both theory and practical evaluation of the students. University has developed an Examination

guidelines - 2024 indicating examination related activities including duties and responsibilities of all the concerned. As UGC recommends a 10 point grading system for higher education institutions, accordingly at Sapthagiri NPS University, the letter grades and grade points are awarded for the marks in line with UGC as indicated below:

Letter Grade	Grade Point	Range of Marks
O (Outstanding)	10	91-100
A+(Excellent)	9	81-90
A (Very Good)	8	71-80
B+(Good)	7	61-70
B (Above Average)	6	51-60
C (Average)	5	46-50
P (Pass)	4	40-45
F (Fail)	0	00-39
Ab (Absent)	0	---

The Examination Regulations of the University specifies the process for the conduct of the University Examinations, appointment of question paper setters and examiners, evaluation of answer scripts, tabulation of marks, grading and declaration of results. The valuation for UG/PG is as follows

- (a) For UG programs (BE, BBA, BCA) - single valuation is done by internal faculty and 20% of the scripts in each subject will be moderated by external experts.
- (b) For PG programs (MBA, MCA) - double valuation is done involving both internal and external experts.

### Welcome Address– Board of Studies Meeting

Dr. Sivashanmugam, Dean and Professor, School of Management Studies, extended a warm welcome to all members present at the Board of Studies meeting. He expressed his gratitude and delight in welcoming the distinguished resource persons, Dr. Kunal Kanti Ghosh and Dr. Jebakumar, for their valuable contributions and expert insights towards curriculum development. He emphasized the importance of collaborative academic discussions in shaping a robust and future-ready program structure.

### Agenda-1. To review the Syllabus of BBA 3<sup>rd</sup>,4<sup>th</sup> Semesters

#### Proceedings:

Following the approval of the Program Structure on 12th April 2025, the Chairperson initiated the Curriculum Design process through the School of Management Studies. The Department Council prepared the BBA Curriculum for Semesters 3 to 6 (AY 2025–26), which was submitted to the Board of Studies for review and approval.

The BOS conducted a detailed discussion and provided the following suggestions:

#### Resolution:

##### For 3<sup>rd</sup> Semester & 4<sup>th</sup> Semester

For the 3<sup>rd</sup> and 4<sup>th</sup> Semester syllabus revisions, several key textbook recommendations were made. In Cost Accounting (24BBAGL301), Dr. Kunal Kanti Ghosh suggested listing Jain S.P.'s book as a main textbook. For Production and Operations Management (24BBAGL302), he advised placing Jay Heizer's Operations Management as the primary text, while recommending Harvard Business School Online as an additional e-learning source. In Fundamentals of Business Analytics (24BBAGL303), he recommended Business Analytics: The Science of Data-Driven Decision Making as the primary textbook, followed by J. Evans' book. For Services Marketing (24BBAGL304), the suggestion was made to include Services Operations Management by James and Mona J. Fitzsimmons in place of case studies from Nargundkar R. Moving to the 4<sup>th</sup> Semester, in Human Resource Management (24BBAGL402), both experts proposed adding Aswathappa K's HRM: Text and Cases as the third textbook. In Customer Relationship Management (24BBAGL405), Dr. Jebakumar recommended Marketing Metrics by Paul W. Ferris as an additional textbook.

## Agenda-2 To Discuss the Curriculum Design of BBA 5<sup>th</sup> & 6<sup>th</sup> Semesters

### 5th Semester

For the 5<sup>th</sup> Semester, in Research Methodology (24BBAGL), Dr. Kunal Kanti Ghosh recommended using Sage Publications for teaching Quantitative Techniques. No changes were suggested for the 6<sup>th</sup> Semester.

### Vote of Thanks

Ms. Rajashree B.P., Secretary of the Board of Studies, for BBA delivered the Vote of Thanks by expressing sincere gratitude to Dr. Sivashanmugam, Dean and Chairperson, for his continuous guidance and support throughout the BOS proceedings. ## **School of Electronic & Communication Engineering**

### **Minutes of the Meeting**

#### **First Board of Studies (BoS) Held on 06.04.2024 (FN)**

Registrar SNPSU, **Dr. H. Rama Krishna** welcomed all the members of the BoS and the experts to the 1<sup>st</sup> BoS Meeting for School of Computer Science and Technology, Sapthagiri NPS University, Bangalore.

Dean - School of Engineering and Technology, SNPSU, Dr. C. Kalalarasan took up the points in the agenda one by one

#### **Agenda No.1**

**Agenda :** Introduction of Statutory members nominated by the Chancellor.

**Proceedings:** Dr. C. Kalaiarasan introduced the expert members.

1. **Mr S L Gangadaraiah**, Principal Scientist Member, Cambraian Consultancy Centre & Industry Research , Bangalore,
2. External Expert-Industry and **Dr. Sadashiva Chakrasali**, Asst.Professor, Dept of Electronics and Communication Engg, MSRIT, Bangalore, External Expert – Academics

Welcomed them to the 1st BoS meeting of the School of Electronics and Communication Engg.

**Dr. C. Kalaiarasan** then introduced all the internal members of the BoS to the expert members and followed with a presentation on the various programs offered by the University and state of art infrastructure in place.

**Resolution :** During the Starting of the meeting All Members was introduced.

  
Vice Chancellor  
SAPTHAGIRI NPS UNIVERSITY  
# 14/5, Chikkasandra  
Hesaraghatta Main Road  
Bangalore-560 057

#### **Agenda No.2**

**Agenda :** Review power, functions and rules of the Board of Studies.

**Proceedings:** Registrar / Dean briefed the members on the scope of power, tenure and the expected functions of the BoS.

**Resolution:** Powers and Functions of BoS was Approved.

#### **Agenda No.3**

**Agenda :** Regulations for framing of Curriculum / Syllabus, Scheme.

**Proceedings:** Based on UGC Guidelines the Curriculum, Syllabus is framed. With Total Credits of 160 and having titles of various Categories Le Core, Program Core. Discipline Electives, MOOC, Project based et.

**Resolution:** Approved to adapt total numbers of Credits is 160.

#### **Agenda No.4**

**Agenda :** Regulations for Choice based Credit System (CBCS) and Continuous Assessment Grading Pattern (CAGP) for Under Graduate Engineering Degree Programs.

**Proceedings:** The external experts emphasised that the CBCS and CAGP was important to shift the focus from teacher-centric to student-centric education, providing a more engaging and effective learning environment. The members discussed the possible credit structures that may be used for various courses.

**Resolution:** The CBCS and CAGP pattern was approved by the Committee.

Vice Chancellor  
SAPTHAGIRI NPS UNIVERSITY

**Agenda No.5**

**Agenda :** Framing of Board of Examiners and recommendation for approval of Academic Council.

**Proceedings:** Dr. C Kalaiarasan read out the roles and responsibilities of the BOE from the Examinations Manual of the University and the formation of panel of examiners which has to be approved by the BoS.

**Resolution:** Panel of Examiners are approved by the BoE.

**Agenda No.6**

**Agenda :** Discussion on Program Structure and Syllabus Grid

**Proceedings:**

- BOS also discussed on Physics and Electronics cycle for the School of engineering syllabus.
- Academic experts suggested that the students should study first C programming and offer Python after that. Modify the Physics/Electronics cycle accordingly.
- BOS suggested, In each semester 7 theory papers (of 100 marks) exam is difficult and an over burden to students. So, if possible, reduce theory papers.

**Resolution:** There are two cycles i.e. Physics and Electronics Cycle was approved.

Vice Chancellor

### **Agenda No.7**

**Agenda :** Program wise detailed discussion on syllabus grid

#### **Proceedings:**

- Add lab for principles of communication
- Teach ARM processor in 4th semester along with Microprocessors and microcontrollers.
- Replace the ARMExperts complement the syllabus set for EEE is very good for the students even they can go to IT domain.
- Include high voltage electronics along with power system protection.
- Power system protection should be included in 7th sem
- Include Digital System Design for electrical student in the place Digital Circuit.
- Suggested to include lab-oriented subject in Elective
- Create platform to learn more through practical aspects.

After the detailed discussion the BOS resolved to forward the same to the Academic Council for approval Subject with FPGA in 5th semester Detailed Discussion on Program Structure and First Year all Courses syllabus in details.

**Resolution:** There are more no. embedded & VLSI domain oriented subjects are incorporated

Vice Chancellor

**Agenda 8 :** Any other matter with the approval of the Chair

**Proceedings:** The other points discussed are:

1. Library: Library set-up should be made effective E-learning resources can be provided to students with a registered mobile. Tab etc. with any one device to be mapped.
2. Approval of Industry Oriented IBM and TCS Courses.

Dean brought to the notice of BoS about the MoU with IBM and TCS.

**Resolution:** E-books and other subscriptions for accessing digital data over the web. Library hours should be scheduled to have max footfall in the library.

Course Mapping with the Industry partner framed and request BOS to approve.

**Dr. Y N Mamatha, Professor and Member Secretary** thanked all the members for the valuable discussions and outcomes and concluded of the meeting.

Registrar SNPSU, **Dr. H. Rama Krishna** welcomed all the members of the BoS and the experts to the 2<sup>nd</sup> BoS Meeting for School of Computer Science and Technology, Sapthagiri NPS University, Bangalore.

Dean - School of Engineering and Technology, SNPSU, **Dr. C. Kalaiarasan** took up the points in the agenda one by one

#### **Agenda No.1**

**Agenda :** Detailed Syllabus Discussion

#### **Proceedings:**

- The Experts suggested refinement of the second point of Mission of the University.
- The agenda was briefly discussed.
- . Basic Electricals and Electronics may be difficult for first year students to understand without a lab. Practical components can be included
- BoS suggested offering computational mathematics discipline wise.
- Update data structure syllabus using C Language.
- For Data Science syllabus brainstorming sessions has to be conducted for Faculty and suggested making it simpler.
- AI and ML subject syllabus must be updated. They suggested making it simpler.

**Resolution:** After detailed discussion the BoS approved the curriculum for I & II semesters of School of Engineering and Technology and forwarded to Academic Council for needful.

## **Agenda No.2**

**Agenda :** Scheme of Evaluation related to examinations

### **Proceedings:**

- BoS committee suggested for fine tuning the assessment
- scheme: - passing marks, attendance marks, and other assessment methods.
- For Continuous evaluation, 30 marks for test and 20 marks for assessment.
- Operational part should be taken care of by the departments.  
Curriculum surveys may be conducted for reframing curriculum.

**Resolution:** It was decided to fix the CA Marks to be 50 and Final End Term Exam Marks 50 scheme was approved.

## **Agenda 3**

**Agenda :** Assessment Process, Assessment weightage and IA Conduction

**Proceedings:** For Continuous evaluation, 30 marks for test and 0 marks for other assessment can be maintained.

- Operational part should be taken care of by departments.
- Curriculum surveys may be conducted for reframing curriculum.

Various Assessment methods can be used course wise approved by DAC.

- BoS discussed the assessment in detail.
- IA1 can be 50% of the syllabus, IA2 can be 50% of the syllabus and IA1 and IA2 are compulsory for all students, IA3 can be conducted from the whole syllabus i.e 100% and IA3 is only for the genuine absentees' cases.
- For IA3, is optional or mandatory, go for brainstorming with COE.
- Build the process for continuous assessing the project.

They suggested fine tuning the assessment scheme: - passing marks, attendance marks, and other assessment methods.

**Resolution:** The BoS recommended the scheme of valuation for consideration to Academic Council

#### **Agenda No.4**

**Agenda :** Discussion on introducing innovation in the teaching learning process through experiential learning

#### **Proceedings:**

- Build the process for continuous assessing the project.
- Some elective subjects can be (Lab Oriented) practical also.
- They suggested to have more hands-on learning than theory-based learning

More weightage to be given to Practical's rather than theory.

**Resolution:** Resolution made on adapting project-based learning, Activity based learning and other Innovative learning methods.

#### **Agenda No.5**

**Agenda :** Any other matter with the permission of the chair

#### **Proceedings:**

- Orientation Programs need to be conducted for faculties on OBE, Process building, Strategic Planning, SWOT analysis, etc.
- The process should be designed in such a way that the student and faculty should not be overloaded and they should not feel overburdened.
- BoS committee suggested and given idea for the Admission Entrance Test.
- Suggested to recruit good faculty based on UGC norms.
- Discussed about Panel of Experts for the Selection committee for Faculty Selection Board.
- BoS suggested regarding qualification required for Teaching.
- BoS discussed about establishment of library and Information Centre.
- BoS suggested to conduct orientation and refresher courses for Faculty and Students.

**Resolution:** Recommended to Conduct OBE learning and innovative Methods.

More CSE background Faculty Recruitment was suggested and accepted in the meeting

**Agenda No.6**

**Agenda : Placement**

**Proceedings:**

- Industry expert Mr. **Mr S L Gangadaraiah** said there will be no more bulk recruitment as internship based project is rising in the industry
- Industrial expert suggested to include more hands-on courses Rather than having quantitative, suggested to have qualitative teaching methodology.

**Resolution:** Special Training and Students Development Programs are suggested and accepted.

#### Minutes of the Meeting

#### First Board of Studies (BoS) Held on 20.04.2024 (FN)

Registrar SNPSU, Dr. H. Rama Krishna welcomed all the members of the BoS and the experts to the 1<sup>st</sup> BoS Meeting for Mathematics, Sapthagiri NPS University, Bangalore.  
Dean - School of Engineering and Technology, SNPSU, Dr. C. Kalaiarasan took up the points in the agenda one by one

##### **Agenda No.1:**

**Agenda :** Welcome all the experts

**Proceedings:** Registrar and Dean welcome all the Board of studies members and the Experts for the meeting.

**Resolution :** Syllabus and the pattern approved by the committee

##### **Agenda No.2:**

**Agenda :** Detailed Discussion on Program Structure and First Year Mathematics syllabus of - B.Tech

**Proceedings :** Presentation hosted by Dr. Niranjana, Associate Professor, Dept. of Mathematics, School of Engineering and Technology, Sapthagiri NPS University, Bangalore.

	<b>Total</b>	<b>60</b>	<b>160</b>

Committee had come to conclude the following points based on the discussion in the meeting.

As per the AICTE suggestion curriculum must contain 160 credits.

Given introduction on complete first year B-Tech Maths.

1) Linear Algebra and Calculus – 1<sup>st</sup> sem (Electronic cycle)

Computational Mathematics -- 2<sup>nd</sup> Sem(Physics Cycle)

- ii) The above subjects are integrated courses. The credit distribution is 3-0-2.
- iii) 12-15 experiments can be included as part of an integrated lab on the Python platform.

**Resolution:** Committee members appreciated the content of BTech syllabus and lab programs.

**Agenda No.3:**

**Agenda :** Detailed Discussion on Syllabus Structure of First Year Mathematics syllabus of -BCA

- **Proceedings :** Given introduction on complete first year BCA Maths. Complete Curriculum of first year curriculum was discussed.

1 .Mathematical foundation for computer application-1<sup>st</sup> sem

2. Discrete Mathematics -- 2<sup>nd</sup> Sem

Eligibility for BCA – Any stream Science/Commerce/Arts-

- Theory supporting laboratory experiments/ exercise/ case studies can be included.
- Python can be introduced through lab components.

**Resolution :** Committee members appreciated the content of BCA syllabus

**Agenda No.4:**

**Agenda :** Detailed Discussion on syllabus Structure of First Year Mathematics syllabus of -MCA

**Proceedings :** Discussion continued for MCA First year Mathematics subject

1.Discrete Structure and statistical Analysis - 1<sup>st</sup> sem

2.Quantitative Techniques and Statistical Inference – 2<sup>nd</sup> Sem

Complete Curriculum of first year MCA was discussed.

- Experts suggested to introduced lab component like travelling expand method,

#### Minutes of the Meeting

#### Second Board of Studies (BoS) Held on 01.06.2024 (FN)

Registrar SNPSU, Dr. H. Rama Krishna welcomed all the members of the BoS and the experts to the 2<sup>nd</sup> BoS Meeting for School of Computer Science and Technology, Sapthagiri NPS University, Bangalore.

Dean - School of Engineering and Technology, SNPSU, Dr. C. Kalalarasan took up the points in the agenda one by one

##### **Agenda No.1:**

##### **Agenda : Welcome all the experts**

**Proceedings:** Registrar and Dean welcome all the Board of studies members and the Experts for the meeting,

**Resolution :** Approved by the committee

##### **Agenda No. 2 :**

**Agenda :** Detailed Discussion on Program Structure and First Year Mathematics syllabus of – B.Tech

**Proceedings :** Presentation hosted by Dr. Niranjan, Associate Professor, Dept. of Mathematics, School of Engineering and Technology, Sapthagiri NPS University, Bangalore

## **Linear Algebra and Calculus – 1<sup>st</sup> sem (Electronic cycle)**

Module 1 : Discussed on Eigenvalues/Vector and Reyleigh' s

Distribution – one of the fundamental concepts of distance calculation , this is one of the prerequisites for all the engineering branches.

Module 2: Leibnitz theorem , polar curves.- mainly apply in Network theorems and RF domain.

Module 3: Parital Derivatives, Euler's theorem and Jacobians

Module 4 – Integral Calculus,  $\sin^n x$ ,  $\cos^n x$

Module 5- Differential, Bernoulli's , homogeneous and non homogeneous equations

- > Above all Concepts mainly applicable in most of the circuit branch subjects.
- > Since this is an Integrated course. Laboratory experiments will be carried out on the Python platform.
- > Expert committee gave good compliments on the lab component and suggested increasing the no. Of programmes.

## **Computational Mathematics--2nd Sem (Physics Cycle)**

Expert committee has suggested to give provision for 60 hours includes both lab and theory.

Include more exercise problems in the laboratory.

2 hours lab is less

Programming skill is very much required for all domain

Experts complemented on the syllabus

Differential calculus application is everywhere required – commented by experts.

**Resolution:** Committee members appreciated the content of BTech syllabus for first sem and second sem and lab programs

- 1 .Mathematical foundation for computer application-1<sup>st</sup> sem
2. Discrete Mathematics -- 2<sup>nd</sup> Sem

**Mathematical foundation for computer application-1<sup>st</sup> sem**

Module 1: Number theory, Euclidean algorithm

Module 2, Matrices and Cramer's rule

Module 3: L- Hospital rule

Module 4 : Integration

Module 5 : Vector Algebra

Eligibility for BCA – Any stream Science /Commerce/Arts-

In this regard, expert commented like,

- "it will be very difficult for BA students and to a certain extent for commerce students also",
- Syllabus is very good as per applicable in different domains.
- Suggested to include a lab component at least in higher semester.

**Discrete Mathematics- 2<sup>nd</sup> sem**

Course objective & course outcomes was explained briefly

Module 1: Set theory and logic

Module 2. Mathematical introduction, Fibonacci series,

Module 3: Logarithms and its applications

Module 4: Graph theory

Module 5: Vector Calculus

Experts gave suggestion that,

- Theory supporting laboratory experiments/ exercise/ case studies can be included. Python can be introduced through lab components.

**Resolution :** Committee members appreciated the content of first and second sem BCA syllabus

#### **Agenda No.4:**

**Agenda :** Detailed Discussion on syllabus Structure of First Year Mathematics syllabus of -MCA

Discussion continued for MCA First year Mathematic subject

#### **1.Discrete Structure and statistical Analysis - 1st sem**

#### **2.Quantitative Techniques and Statistical Inference - 2nd Sem**

#### **Discrete Structure and statistics - 1st sem**

Module 1: Discrete theory

Module 2: Functions & Mathematics Induction

Module 3: Mathematical logic and Boolean Algebra

Module 4: Probability and Random Variables

Module 5 :Decision theory and related problems.

Experts gave good comments on syllabus flow and content coverage

#### **Quantitative Techniques and Statistical Inference – 2nd Sem**

Experts suggested to introduced lab component like travelling expand method, those

are very useful in Data science domain

After a detailed discussion and with modifications the BOS approved the course structure, topics and text book and reference books, and forwarded to Academic Council for approval.

## DEPARTMENT OF PHYSICS

### Minutes of the Meeting

#### First Board of Studies (BoS) Held on 20.04.2024 (FN)

**Dr. H. Rama Krishna**, the Registrar of Sapthagiri NPS University (SNPSU), Bangalore, extended a warm welcome to all the distinguished members of the Board of Studies (BoS) and esteemed experts attending the inaugural BoS meeting for the Department of Physics. Following the formal welcome, **Dr. C. Kalaiarasan**, Dean of the School of Engineering and Technology at SNPSU, initiated the proceedings by systematically addressing each point listed in the meeting agenda. His structured approach ensured that all key topics relevant to the department's academic framework, curriculum development, and future initiatives were discussed comprehensively.

#### Agenda No. 1

Agenda: Introduction of statutory members nominated by the Chancellor.

#### Proceedings:

**Dr. C. Kalaiarasan** introduced the expert member,

**Dr. Mohan Kumar Naidu**, Professor and Head, Department of Physics, Presidency University, Yelahanka, Bengaluru, Karnataka 560064, to all the attendees and warmly welcomed them to the 1<sup>st</sup> Board of Studies (BoS) meeting of the Department of Physics.

He then proceeded to introduce all the internal BoS members to the expert members. Following the introductions, **Dr. Kalaiarasan** delivered a presentation outlining the various academic programs offered by the university and provided insights into its state-of-the-art infrastructure.

**Resolution:** At the commencement of the meeting, all members were formally introduced.

#### **Agenda No.2**

**Agenda :** Review power, functions and rules of the Board of Studies.

**Proceedings:** Registrar / Dean briefed the members on the scope of power, tenure and the expected functions of the BoS.

**Resolution:** Powers and Functions of BoS was Approved.

#### **Agenda No.3**

**Agenda :** Regulations for framing of Curriculum / Syllabus, Scheme.

**Proceedings:** Based on UGC Guidelines the Curriculum, Syllabus is Framed. With one paper of three Credits as an integrated course i.e., two credits for theory and 1 credit for lab.

**Resolution:** Approved to adapt total 3 credit paper.

#### **Agenda No.4**

**Agenda :** Framing of Board of Examiners and recommendation for approval of Academic Council.

**Proceedings:** Dr. C Kalaiarasan read out the roles and responsibilities of the BOE from the Examinations Manual of the University and the formation of panel of examiners which has to be approved by the BoS for the Department of Physics.

**Resolution:** Panel of Examiners are approved by the BoE.

**Agenda No.5**

**Agenda :** Discussion on Syllabus.

**Proceedings:**

- BOS suggested, In physics theory, 5 modules can be planed and for lab ten experiments.
- The BOS suggested that the Process be well defined in Advance, regarding Examination and Marks Split-up.

**Resolution:** 5 modules and 10 experiments Cycle was approved.

All the suggestions and Recommendations made by the committee was accepted and approved.

Respected sir,

**Sub: Submission of Proceedings report of 3<sup>rd</sup> BoS Meeting – held during May 2025.**

As per the direction of university officials, all the Directors of various departments under School of Engineering and Technology have been instructed to plan and conduct Board of Studies [BoS] meetings to appraise academic progress. It was also suggested to get the Scheme and Syllabus reviewed and approved by the august members. The departments have put their best effort in executing this work very effectively. This activity was ably guided and supervised by Associate Deans, Dean and Registrar. The proceedings and the report were satisfactory and same is submitted to your good office for your perusal.

**Third Board of Studies (BoS) Meeting** scheduled on **14-05-2025(Wednesday)** at 10.00 am in university campus(A-206) to discuss as per the listed agenda. The members present in the meeting have deliberated on the agenda points and discussed with relevant information. The proceedings of the meeting are recorded.

Agenda No.	Description	Remarks
01	<p><b>Welcome:</b></p> <p>Meeting started at 11.00 am. Chairperson has welcomed all the members present for the meeting. She introduced the members and requested all for active participation with healthy discussion.</p>	
02	<p><b>Read &amp; Record the minutes of 2<sup>nd</sup> BoS meeting (held on 18-05-2024 )</b></p> <p>Chairperson briefed the highlights of previous BoS meeting minutes. The minutes of the previous BoS meeting was read and recorded. The suggestions provided during the meeting were incorporated for effective functioning.</p> <p>As we have prepared the current curriculum based on the suggestions given in the previous BoS meeting. We have removed Data structure, Computer Organization, Fundamentals of Machine learning and Fundamentals of Data science from the first-year syllabus. Included only C and Python programming language in first year.</p> <p><b>RESOLUTION:</b> The 2<sup>nd</sup> BoS Meeting minutes were approved and accepted.</p>	
03	<p><b>Review &amp; Approval of the SCHEME from 3<sup>rd</sup> to 8<sup>th</sup> sem for 2024 batch</b></p> <p>Dr. Deepak S Sakkari presented the Scheme grid from 3<sup>rd</sup> to 8<sup>th</sup> semester of 2024 batch comprising proposed subjects. These subjects were accommodated by considering the subjects that are studied in 1<sup>st</sup> &amp; 2<sup>nd</sup> semester of 2024 batch. The <b>Internal Assessment (IA) Evaluation</b> pattern for Theory course and Integrated course was presented.</p> <p>The Board reviewed the Scheme of Study for the 3<sup>rd</sup> to 8<sup>th</sup> semesters for the 2024 batch. The suggestions regarding redistribution of subjects across semesters, lab-integrated course evaluation, inclusion of global certifications, project-based learning, and restructuring of core and elective courses were discussed.</p> <p><b>RESOLUTION:</b> The SCHEME from 3<sup>rd</sup> to 8<sup>th</sup> sem for 2024 batch is reviewed and approved. The Internal Assessment evaluation pattern was accepted.</p>

04	<p><b>Review &amp; Approval of Detailed Syllabus 3<sup>rd</sup> &amp; 4<sup>th</sup> sem 2024 batch</b></p> <p>The detailed syllabus of each subject was presented. The members discussed and deliberated on the detailed syllabus and few observations were indicated.</p> <ul style="list-style-type: none"> <li>➤ <b>Dr. K.G. Mohan</b> expressed concern that students tend to neglect the lab components in integrated courses, which may result in students passing without genuine lab engagement.</li> <li>➤ <b>Dr. Shalini</b> recommended the implementation of a mandatory lab examination with 20 marks exclusively allotted for lab performance, a minimum passing mark for the lab component, and a reduction in the number of CIA components for improved clarity and fairness.</li> <li>➤ It was proposed to replace Java (OOPs) with C++ in the 3rd semester, and to shift Java to the 4th or 5th semester to align with Data Analytics.</li> <li>➤ It was proposed to move DAA to the 4th semester along with its lab components. In place of DAA, the 3rd semester should include an introductory course on the Internet of Things (IoT).</li> <li>➤ ML should be moved to the 5th semester with a 3-0-2 structure (3 theory hours, 2 lab hours). ML workshops are to be introduced in earlier semesters to provide foundational exposure.</li> <li>➤ Web Technologies should be retained as it remains relevant, but the corresponding lab may be replaced with an ML lab.</li> <li>➤ IoT is to be introduced in the 3rd semester. Cloud Computing should be shifted to the 4th semester.</li> <li>➤ Computer Networks (CN) and Operating Systems (OS) lab components will be introduced in the subsequent curriculum revision cycle.</li> <li>➤ It was suggested that the Advanced Topics course (DAA) be either dropped or limited to core algorithmic content, with advanced algorithms moved to elective courses.</li> </ul> <p><b>RESOLUTION:</b> Considering the observations of BoS External members, it was agreed to accommodate all feasible suggestions.</p>	
05	<p><b>Review &amp; Approval of the SCHEME for 2025 batch</b></p> <p>Considering the recommendation of 2<sup>nd</sup> BoS meeting and also looking at the practical difficulty for study by the students, it was proposed to have new SCHEME for 2025 batch. Hence SCHEME for 2025 batch was presented.</p> <p><b>RESOLUTION:</b> The SCHEME for 2025 batch was reviewed and approved.</p>	
06	<p><b>Review &amp; Approval of Detailed Syllabus 1<sup>st</sup> &amp; 2<sup>nd</sup> sem 2025 batch</b></p> <p>The detailed syllabus of Problem-Solving Techniques using C, Programming in Python was presented.</p> <ul style="list-style-type: none"> <li>➤ The Problem-Solving Using C Course in the 1<sup>st</sup> Semester should be integrated with a competitive coding platform (Code Tantra).</li> </ul>	

	<p>➤ Introduce OOPS concept in 2<sup>nd</sup> sem and Programming in Python may consider to introduce in 3<sup>rd</sup> sem.</p> <p><b>RESOLUTION:</b></p> <p>The detailed syllabus of concerned subjects was reviewed and approved.</p>	
07	<p>Any other related matter (with the permission of chair)</p> <ul style="list-style-type: none"> <li>❖ Importance of separate Laboratory evaluation in integrated courses and creation of a project repository for hands-on learning.</li> <li>❖ Inclusion of global certifications, NSDC tie-ups, and scenario-based mini projects to enhance industry readiness.</li> <li>❖ Redistribution of subjects across semesters for balanced academic load and relevance to current industry demands.</li> <li>❖ Implementation of CBCS from the first semester and introduction of NPTEL courses from the 6th semester onward.</li> </ul>	

Meeting concluded with thanks to all at 1:30 PM. Chairperson requested all to join for Lunch at academic block.

### **CONCLUSION**

The **Board of Studies [BoS] meeting** was conducted by the concerned departments under School of Engineering and Technology. The meeting was aimed at taking concurrence of BoS members in making scheme and syllabus reviewed and approved. The main focus was Outcome Based Education [OBE] by considering the need of the hour. The meeting was convened by the departments as per the planned schedule. The members of the team actively participated in deliberations during the meeting. The result of the meeting was satisfactory.

- ❖ All the listed agenda points were discussed elaborately and deliberated meaningfully.
- ❖ All the directors were guided to acknowledge the suggestions provided by the members to improve the quality of the process and practice.
- ❖ It was agreed to accommodate all feasible suggestions for the improvement of our process.
- ❖ All the directors were instructed to follow necessary guidelines as applicable.
- ❖ The BoS members (external) appreciated the efforts of departments in design and developing meaningful Scheme and Syllabus.
- ❖ It was opined to take the support of industry experts in designing and delivering the course contents to remain industry relevant.
- ❖ The active participation by the members of the team was well appreciated and encouraged to sustain the spirit.

After discussions, external members accepted the same; by informing the internal members to work on more of integration with other departments and core competencies to be given due weightage.

Draft question paper pattern of Biochemistry Paper I & II also were approved by the external members.

**ANATOMY**

Dr. Anupama.D, Professor, Dept of Anatomy presented the draft curriculum of Anatomy subject, this year there is a shift in the paradigm from system wise to regionwise and explained how exactly the subject was divided into three parts, considering AETCOM module too. She did open the forum for external experts of anatomy to throw some light on marks to be considered for records and log book. Discussions on periodic and continuous internal assessment was done along with attendance parameters wherein she informed remedial classes will be done for those falling short of attendance above 65%. Changes in IA marks was discussed. Lastly QP pattern was briefed with sample question papers of I & II.

External members did appreciate her for the wonderful presentation and informed her to have timely internal assessments and with regard to attendance to keep students informed about their status of both theory and practicals. For better course outcomes they need to work for vertical and horizontal integration closely with departments of Physiology and Biochemistry. AETCOM division was fine. Question paper template of paper I was presented. Paper II, department was yet working on it as per the Sapthagiri NPS University guidelines.

**Discussion and queries raised by the External member of BOS,  
Dr. Vidya.C and Dr. Sreedevi.N.S**

1. Dr. Vidya.C raised the issue of changing from systemic to regional anatomy

Justification: This was done to maintain horizontal integration as suggested from NMC to do it for minimum of 124 hours for this academic year

2. Dr. Vidya.C and Dr. Sreedevi.N.S, queried regarding the shifting of head, neck and brain to Block 2 and Abdomen and Pelvis to Block 3

Justification: This was done out of their experiences and feedback shared by earlier learners that the stakeholders i.e., students felt easy to learn neuro anatomy along with neuro physiology and it was also to achieve alignment. The proof of same has been documented and kept in the safe custody of HOD in the department.

3. Query was raised regarding missed out topics without competency numbers, lateral compartment of leg and sole for which it was informed they would work on it and get back to experts opinion.

4. Question was raised regarding maintenance of records, and periodic assessment tests and it was told that NMC has made provision for 10-20% of marks of IA to be given for logbook maintenance which the department has divided as follows: In IA theory 20% weightage will be given for periodic assessment tests which are conducted at the completion of each region theory and dissection and out of 20% of IA practical marks 10% weightage will be given for log book maintenance and 10% for gross anatomy and histology record books.

**BANGALORE - 560090**

5. Regarding remedial measures, after the IA, if the candidate has not cleared the exam, betterment exam will be given immediately. Remedial classes to improve attendance will be conducted from 4:30 – 5:30 pm from Monday to Friday with a break in between on Wednesday.

6. Vertical integration, it was told by the department that minimum 1 vertical integration for core competencies with frequently seen conditions will be done region wise with broad specialties.

Changes to be incorporated;

1. As per the horizontal alignment table suggested by NMC to reach the integration hours of 124 /620 systemic anatomy was replaced by regional anatomy

2. Change in the competency numbers for the topics is incorporated in the curriculum as prescribed by NMC.

3. As per the request by the students Head, Neck and brain was shifted to 2<sup>nd</sup> block so as to maintain horizontal integration and to make it easy for learning because of difficulty and vastness.

4. As prescribed by NMC, AETCOM module followed by the Dept of Anatomy for the academic year 24-25 will be 1.4 (Foundations of communication – 5hrs) & 1.5 (Cadaver as first teacher- 4hrs)

5. Assessment – In assessment following changes have been made

a. Min 3 internal assessment examinations (Both theory & Practical) should be conducted of which third one should be Pre university examination (Total theory IA marks 100+100+200) and (Total practical IA marks 100+100+100) and results to be announced as early as possible.

b. Out of theory marks of 100, 20% weightage will be given to Periodic assessment performance.

Out of practical marks of 100, 20% weightage will be given to (10% for log book maintenance, 10% for Histology & gross record maintenance)

c. Periodic assessments should be done at the end of each region.

d. Eligibility criteria to appear for university examination is as follows

1. Min of 40% alone in theory and 40% alone in practical and together theory and practical making up to 50% of the total marks allotted for IA

2. Min attendance of 75% in theory, 80% in practical and 75% in AETCOM separately

3. Certifiable skill competency is reduced to I (Identification of types of Epithelium) has to be achieved

6. Remedial measures – If the student fails in I A examination Betterment or Improvement exam has to be given immediately thus allowing the student to improve himself.

7. If the attendance is less than 75-80% but above 60% student can be allowed to attend extra classes other than regular teaching hours in the dept.

If the attendance is less than 60% he can be detained after duly informing the student as well as parents and asked to improve attendance between sit and RESIT exams, if the attendance comes up to prescribed % then he/she can be allowed to give RESIT exams.

**SAPTHAGIRI NPS UNIVERSITY**  
**SAPTHAGIRI INSTITUTE OF MEDICAL**  
**SCIENCES & RESEARCH CENTRE,**  
**BANGALORE - 560090**

8. RESIT exams should be conducted within 6-8 weeks of declaration of results of main exam.

9. University exam theory Paper should be set as per NMC guidelines.

Contents for paper setting will be

Paper I - Gen anatomy, Gen histology, gen embryology and above diaphragm regions & AETCOM MODULE 1.5

Paper II - Histology, Systemic embryology, Genetics and below diaphragm regions & AETCOM MODULE 1.4

**PHYSIOLOGY**

Dr. Bharath T, Associate Professor, Dept of Physiology presented the draft curriculum pertaining to Physiology prepared by the department and informed the changes brought in by the department as per latest guidelines.

Hours of SDL was increased by 5 hours and due weightage was given to building competencies among the MBBS students. AETCOM module division too was well accepted by the external experts.

1. Competencies decreased to 136 from 137.

2. Neurophysiology is split into Central Nervous System and Special Senses.

3. Changes in Practical

a. Artificial Respiration is added and needs to be performed by the students

b. Perimetry, arterial pulse tracing by using plethysmography, cardiac

autonomic function tests removed.

4. Skill assessment- skills to be assessed increased to 22 from 11.

5. Teaching hours for SGT increased to 305 from 300. Total teaching hours increased to 450 from 445.

6. AETCOM- module 1.4 removed from Physiology. Modules 1.2 and 1.3 will be taught by Physiology Department in 10 hours.

7. Internal assessment changes incorporated as per GMER 2024.

a. Weightage for Theory- 100 marks

b. Weightage for Practical- 100 marks (includes 10-20% weightage to be given to logbook)

**Discussion and queries raised by the External member of BOS,**

**Dr. Roopakala M S**

❖ How skill certification would be done given the increase in their number from 11 to 22. (It would be done during the revision class of the respective practical topic.)

❖ How the 5 extra SDLs would be incorporated in the teaching hours. (Students will be given a topic of clinical importance which is not taught in the class but is relevant and important; Students will complete it in the library and will submit it for assessment.)

❖ Enquired if we have enough number of mannequins for students to perform CPR. (There are sufficient mannequins for students to perform CPR)

❖ Since seminars are excluded from the current curriculum, what value added programmes are being incorporated for the benefit of students? (Value added courses have been selected and sent for approval by Sapthagiri NPS University.)

Board Of Studies (BOS) and Board Of Appointment of Examiners (BOE) meeting on 23.04.2025  
 Minutes of the Meeting

<b>Agenda 1</b>	To welcome all the BOS external members as BOE for the BOE meeting for MBBS Phase II.
Minutes	Chairperson welcomed all the members of the Board of Studies [BOS] and informed that, we would include all the external members into our Board of Examiners as certain agendas was to be discussed pertaining to conduct of university examination
<b>Agenda 2</b>	To discuss about the upcoming University Examination of MBBS Phase II.
Minutes	As per the discussions in the BOS meetings, with the formulation of BOE, the university was to roll out the examination notification along with timetable for the MBBS Phase II Students of Sapthagiri NPS University. It was decided to schedule the examinations latest by mid-month of August taking stock of academic sessions, IA as prescribed by NMC. The committee also informed to finalize the practical examinations dates as we may find it difficult to appoint examiners due to coincidence of other university examinations. Members informed that in regard to evaluation, university is following digital evaluation. List of eligible evaluators to be identified as per NMC and University guidelines for evaluation of theory answer scripts.
Resolution	The committee accepted the suggestions given by BOE members for scheduling of examinations and rolling out of time table along with dates of practical examinations. Panel of eligible evaluators to be identified as per university and NMC guidelines.
<b>Agenda 3</b>	To discuss about the eligibility for inclusion of names in panel of examiners for paper setters, examiners and evaluation.
Minutes	The members were of the opinion that teachers with minimum experience of 4 years as Assistant Professors after obtaining Postgraduate degree following MBBS in the subject in a college affiliated to a recognised Medical College by NMC to be included in the Panel of Examiners, as per NMC norms. To update the panel of examiners the office of Deputy Registrar [Evaluation], can prepare a google form with university official email address and then to share the link to all the teachers affiliated to medical colleges in Karnataka and other states too
Resolution	The committee accepted the suggestions given by BOE members for creating the panel of examiners and informed the deputy registrar to work for the same.
